

# Digitalize your way of learning

Through facilitating effective feedback in any learning platform

## When inclusivity is at reach, change follow through.

This is an SMS-based learning platform intended to facilitate effective feedback in modular learning. Students can also access a supplementary mobile application.

“

To help the underprivileged to fully materialize the opportunity to learn under any circumstances without the need to worry.

”

Make education accessible and available for all, no one should be left behind and we need to strive to make education truly inclusive for all.

## Aims to integrate empathetic solutions.

Continuously immersing ourselves in the plight of students who experience difficulty in coping and learning amid the remote classroom setup.
